Additional

Ocean Academy Certified Python Full-Stack Developer.

Qualified as a **Finalist** in the **Code Clash '24** held at **Ocean Academy**, Puducherry.

LANGUAGES

English, Tamil.

PROJECTS

Slot Machine Project – In JavaScript & Node.js.

" This project is a simple slot machine game developed using **JavaScript** and **Node.js**. It allows users to interact with a command-line interface to place bets, choose the number of lines to bet on, and see if they win based on random outcomes."

Weather App – In JavaScript.

" The Weather App is a simple and intuitive application that allows users to get real-time weather information for any location. Built using **JavaScript**, **HTML**, and **CSS**, this app fetches weather data from a reliable API and displays it in a user-friendly interface."

LINK : **https://github.com/Asoon-D-Roger/Weather-App**

To-Do List – In JavaScript.

" This project is a simple and intuitive To-Do List application built using **HTML**, **CSS**, and **JavaScript**. The application allows users to manage their daily tasks efficiently by adding, editing, marking as complete, and deleting tasks."

LINK : **https://github.com/Asoon-D-Roger/To-Do-List**

XOX Game (Tic-Tac-Toe) – In Python.

" Developed a console-based XOX (Tic-Tac-Toe) game using **Python**, providing a user-friendly interface for two players. Implemented game logic for detecting winning conditions, draw scenarios, and input validation to ensure a smooth and error-free gaming experience."
